Reference marks in the drawings

- 1 front substrate
- 2 back substrate
- 3 discharge space
- 4, 15, 16 dielectric layer
- 5 material layer
- 6 scan electrode
- 6a,7a transparent electrode
- 6b,7b metal bus bar
- 7 sustain electrode
- 8 light absorption layer
- 9 data electrode
- 10 barrier rib
- 10a longitudinal rib part
- 10b lateral rib part
- 11 main discharge space
- 12, 33 phosphor layer
- 13, 30 priming discharge space (gap part)
- 14 priming electrode
- 17, 32 auxiliary electrode
- 34 protective layer
